

PALMER AGAIN IS UNDER FIRE

Attacked at Committee Hearing for Permitting "Gobbling" of Patents.

A. Mitchell Palmer's administration of the office of Alien Property Custodian was further criticized in the House yesterday. The point of attack this time was the formation of the Chemical Foundation, Inc., "to engage in the manufacture of dyestuffs in the United States," according to Representative Moore, Republican.

The subject was brought up in connection with consideration of an appropriation of \$1,400,000 in the sundry civil bill for the apprehension and prosecution of anarchists and bomb throwers for the recent series of outbreaks.

Outlining Attorney General Palmer's plans for the suppression of the anarchists, as explained to the Appropriations Committee by Mr. Palmer, Representative Byrnes, ranking Democrat of the committee, said Francis B. Garvan, of New York City, had reluctantly agreed to accept the post of Assistant Attorney General in charge of crime detection.

"Reveals Inner Workings." Mr. Moore asked if Mr. Garvan is also Alien Property Custodian, and Mr. Byrnes said he was "informed that he is."

"The appointment of the same Mr. Garvan who succeeded Mr. Palmer as Alien Property Custodian, as Assistant Attorney General," Mr. Moore declared, "reveals some of the inner workings of the departmental system that now prevails in the city of Washington."

Mr. Moore then asked Mr. Byrnes if he knew "whether Mr. Garvan intends to give his sole time to the service of his country in catching or attempting to catch these bomb throwers, for whose apprehension we have appropriated millions, but who have not yet been caught?" This is Mr. Garvan's intention, Mr. Byrnes replied.

"Then I will ask the gentleman," continued Mr. Moore, "why the same Frank P. Garvan has recently been elected to and has accepted the presidency of the Chemical Foundation, Inc., which has taken over all the German patents in the United States for the manufacture of dyestuffs through an arrangement with the Alien Property Custodian, A. Mitchell Palmer, now Attorney General of the United States, under the order of the President?"

Financiers Head Concern. Mr. Byrnes retorted that Mr. Moore had no proof that Mr. Garvan is engaged in any business at this time. He continued:

"I submit that he can be president of a private corporation and not interfere with his duties as assistant attorney general."

"As to the Chemical Foundation, Inc., it is a corporation founded by certain very prominent gentlemen in New York, some of them very large financiers, with whom A. Mitchell Palmer, as alien property custodian, had come into contact while performing the duties of his office," Mr. Moore resumed. "It was formed to take over 4,500 patents that Mr. Palmer and Mr. Garvan found on file in the Patent Office and which they seized on the ground that they belonged to certain German patentees."

"Who were these men that formed this corporation? Well, this management consisted of Otto Bannard, a dye-maker." No. President of

the New York Trust Company. Cleveland H. Dodge—and you remember him on this side, surely you do on the other side. If you do not, some remember the speech of Mr. Rodenberg on this floor in reference to his attaining, through executive order or otherwise, the right to send arms into Mexico when we were apparently friendly with that country.

Big Help to Democrats. "He was also one of the largest contributors to the Democratic campaign fund to elect President Wilson."

Others on the list enumerated by Mr. Moore were: George D. Ingraham, formerly of the appellate division of the New York Supreme Court; Ralph Stone president of the Detroit Trust Company; Benjamin Griswold, of the firm of Brown and Sons, Baltimore. He continued:

"These gentlemen have been serving as the advisory sales committee of the Alien Property Custodian for more than a year. Now, having seized these 4,500 patents, they are going to control the dyestuff industries in the United States. This company is capitalized at \$500,000—\$400,000 for 6 per cent preferred stock and \$100,000 common stock, also limiting dividends to 6 per cent."

TOMB OF ST. GEORGE FOUND IN DAMASCUS Damascus—British soldiers who celebrated St. George's day in Damascus found that the grave of the patron saint of England was here, not a mile from the magnificent tomb of Saladin.

A lattice-work cage surrounds the grave of St. George, a simple bit of masonry. Locked iron doors are in the side of the lattice work and from it a lamp and a few fresh wreaths are hung. On top of the tomb a rude bit of sculpture represents a mounted warrior impaling with his lance a dragon.

BRAZILIAN PAYS TRIBUTE TO WILSON'S FRIENDSHIP

Dr. Pessoa, Arriving Here, Expresses Appreciation of President's Course at Peace Conference—Dines with Vice President Marshall.

Warm appreciation of President Wilson's course at the Peace Conference and his support of Brazil was expressed last night by President-elect Epitacio Pessoa of Brazil at a state dinner tendered him by Vice President Marshall.

"That support, constant, opportune, firm and loyal, made itself felt," said Dr. Pessoa.

"I am glad to express here publicly my thanks for the many proofs of sympathy and solidarity which I received in Paris from President Wilson."

The state dinner was the first of a series of such affairs to be tendered Dr. Pessoa and his party, who arrived here yesterday for a visit as guests of the United States. With Dr. Pessoa came Madame Pessoa and their daughter.

Until Wednesday the party will be entertained at a round of social and diplomatic affairs which include a pilgrimage today to Mount Vernon on the Mayflower, President Wilson's yacht. Leaving here Wednesday the party will make a short tour of the country, sailing probably in ten days from New Orleans or one of the Gulf ports.

6,000 SWISS SLAIN IN ARMY OF FRANCE. Geneva.—Swiss volunteers were among the bravest fighters in the French Foreign Legion. Official reports show that out of 10,000 Swiss officers and men enlisted, 6,000 were killed in France and 1,500 were wounded or missing.

At Verdun they refused to retreat though surrounded by Germans, and suffered their heaviest losses there.

3 Months' Sentence Worse Than 99 Years

Camp Mills, L. I.—One of Uncle Sam's doughboys, who arrived here from France, told of a colored soldier who had committed so many crimes that he was given combined sentences totalling 99 years at hard labor.

"Sambo refused to work," said the doughboy, "and was haled before the military court again. He was entirely cheerful about his long sentence, but positively declined to perform any labor."

"He was actually sentenced to three months' additional time. 'Sambo was flabbergasted. 'Gosh!' said he. 'I'm 99 years old now, and I don't want to get any more years added to my sentence. I don't want to get any more years added to my sentence. I don't want to get any more years added to my sentence.'"

RADICAL OFFICES SEARCHED IN N. Y.

Police Raiders Seize Large Bundles of Literature At 3 Centers.

New York, June 21.—Under the direction of the Lusk legislative committee to investigate Bolshevism, State police conducted raids here this afternoon on three alleged radical centers, the Rand School of Social Science, the Russian branch of the I. W. W. and the headquarters of the Left Wing Socialists.

With eighty State officers participating, the raids were made simultaneously. Large quantities of alleged seditious literature, correspondence, mailing lists and other material were seized. No arrests were made.

The search warrant, issued by Chief Magistrate William G. McAdoo, of New York, authorized a hunt for literature advocating the overthrow of government by violence, inciting to riot and favoring the destruction of property. The raid revealed such literature, according to Samuel A. Berger, State deputy attorney general.

Thirty men and women, mostly Russians, were found at the Russian I. W. W. office. Several tried to escape but remained when told that no arrests would be made.

The raiders seized copies of "The Rebel Worker," which is published at the Russian headquarters, and other radical publications.

The office of Scott Nearing was among those searched at the Rand School. Printed matter seized today, it is expected, will be offered as evidence before the Lusk committee.

NO WITHDRAWAL FROM SIBERIA

But 8,000 National Army Men Will Be Replaced By Regulars.

The American-Siberian expedition will remain at its post indefinitely. Chief of Staff March said yesterday. There is no indication now, he said, of the time of its withdrawal, but drafted men and men whose enlistments have expired are expected to be homebound by winter.

Nearly 75 per cent of the 10,000 men in the expedition are national army men. Of the men now in Siberia it is proposed to replace 8,000, who will be returned home. This will leave only 1,000 or 2,000 men originally in the expedition. All national army men will be replaced with men who enlist during the present recruiting campaign.

Priest Frozen Alive By Bolshevik Terror

Omsk, June 10.—Of all the atrocities credited to the Bolsheviks, this is one of the most diabolical. The story comes through the Russian Telegraph agency. When Chelyabinsk was evacuated the Bolsheviks carried with them a priest, Nicholas Koniaroff. They stripped the man, so the story goes, and in the intense cold of Russia poured water over him till he was transformed to a statue of ice—frozen to death.
